TESTIMONIALS

"Tom Leu is a professional actor of the highest integrity and capability. Not only was he courteous and easy to work with on set, his creative suggestions meaningfully added to the depth of the character portrayal. His talent, intelligence, and willingness to take risks with the character (both action and dialogue), but also take direction when indicated marks the sign of actor with a bright future to be considered for any role, every time."

- Glenn Cutler, Writer/Director *Three Blacks and a Jew Walk Into a Bar* (a comedy)

"Tom brought a level of professionalism & skill to the role that I was not expecting & the film is vastly better because of it. He can read a character & portray them note for note. He gave a great performance & I would certainly cast him in the future."

- Benjamin Tillona, Writer/Director *Pelourinho*

"Tom gave us one of those performances that just makes you say "Wow" - Tom made me think deeper about the film & character, which made the production that much better. It is that level of collaboration that is key in the industry of filmmaking."

- Joseph Gardyas, Writer/Director *Killing Type*

"Tom is different because you don't meet people with the talent, skill, personality, and energy on a set with the commitment and humbleness he brings. At the end of the day, you want people on your set that are engaged, will listen and collaborate with ideas, and Tom is the embodiment of that. Total team player, walks into the room and everyone immediately loves the guy. True charisma, true professional, willing to put in the work and really do anything the production needs."

- David Chenoweth, Writer/Director *On Sight*
